the story of how our bottomless appetite for novelty gossip and melodrama has turned everything news politics religion high culture into one vast public entertainment neal gabler calls them lifies those blockbusters written in the medium of life that dominate the

media and the national conversation for weeks months even years the death of princess diana the trial of o j simpson kenneth starr vs william jefferson clinton real life as entertainment is hardly a new phenomenon but the movies and now the new information technologies have so accelerated it that it is now the reigning popular art form how this came to pass and just what it means for our culture and our personal lives is the subject of this witty concerned and sometimes eye opening book a thoughtful in places chilling account of the way entertainment values have hollowed out american life the new york times book review

drawing on cultural theory and interviews with fans cast members and producers this book places the reality tv trend within a broader social context tracing its relationship to the development of a digitally enhanced surveillance based interactive economy and to a savvy mistrust of mediated reality in general surveying several successful reality tv formats the book links the rehabilitation of big brother to the increasingly important economic role played by the work of being watched the author enlists critical social theory to examine how the appeal of the real is deployed as a pervasive but false promise of democratization

this book analyzes how reality television fuelled heated polemics over cultural authenticity gender relations and political participation in the middle east

how do reality television programs shape our view of the world and what we perceive as real and normal this book explores the bizarre and highly controversial world of reality television including its early history wide variety of subject matter and social implications in recent decades reality television shows ranging from keeping up with the kardashians to duck dynasty have become increasingly popular why are these unscripted programs irresistible to millions of viewers and what does the nearly universal success of reality shows say about american culture this book covers more than 100 major and influential reality programs past and present discussing the origins and past of reality programming the contemporary social and economic conditions that led to the rise of reality

shows and the ways in which the most successful shows achieve popularity with both male and female demographics or appeal to specific targeted niche audiences the text addresses reality tv within five easy to identify content categories competition shows relationship love interest shows real people or alternative lifestyle and culture shows transformation shows and international programming by examining modern reality television a topic of great interest for a wide variety of readers this book also discusses cultural and social norms in the united states including materialism unrealistic beauty ideals gender roles and stereotypes in society dynamics of personal relationships teenage lifestyles and issues and the branding of people for financial gain and wider viewership

this is the first major text designed to help professionals and students evaluate the merits of popular yet controversial practices in clinical psychology differentiating those that can stand up to the rigors of science from those that cannot leading researchers review widely used therapies for alcoholism infantile autism adhd and posttraumatic stress disorder herbal remedies for depression and anxiety suggestive techniques for memory recovery and self help models other topics covered include issues surrounding psychological expert testimony the uses of projective assessment techniques and unanswered questions about dissociative identity disorder providing knowledge to guide truly accountable mental health practice the volume also imparts critical skills for designing and evaluating psychological research programs it is ideal for use in advanced undergraduate and graduate level courses in clinical psychology psychotherapy and evidence based practice

reality television affect and intimacy shifts current discussions of media and reality from the informative to the affective from knowledge to feelings in reality television misha kavka argues everyday reality is the ground for an experience of immediacy or televisual intimacy that is self evidently mediated and performed the book explores this paradox by conceptualising the relation between affect and media for kavka affect matters because the feelings generated across the screen are real in a material way investigating such concepts as publicity and privacy in reality tv families performance technologies in big brother arranged marriages

in romance reality tv and gender race and sexuality in survivor and project runway she argues that affect is the core reality of a public sphere that is reconfigured by its viewing patterns renewing attention to the complexities of affective intimacies this book offers the rich realities of feeling as a critical alternative to traditional communication models

americans are perhaps the most openly and energetically religious of all the peoples among the developed nations americans are religious in all the obvious ways belonging to churches synagogues and mosques as well as nurturing private spiritualities but they are religious also in public ways aiming to find a standard large enough to frame their common life and to judge them and their country in this book now in paperback william dean describes the spiritual culture that is grounded in the emerging american story he also explores the concept of god or the ultimate that is central to that story a concept that is reflected in contemporary american culture including popular culture
